Welcome

There are three steps to creating an account.

As a member of The Alberta Teachers' Association (ATA), your account will provide access to member-only sites and web-based services. For non-members, your account will grant you access to register for ATA events that you are eligible to attend.

If you are a member of the ATA, ensure you have your teaching certificate number.

If you do not have your teaching certificate number available, you can call Alberta Education toll-free at 310-0000. Ask to speak with the Professional Standards Branch, and they will be able to provide your certificate number over the phone.

If you are not a member of the ATA, a teaching certificate number is not required.

When you are ready, click the "Begin" button located below to create your account.

Introduction

The Alberta Teachers' Association (ATA) is committed to protecting the privacy of personal information. Except when required or permitted by law, it will not disclose personal information without consent or reasonable and lawful notice.

Personal information is data that refers distinctively to an individual. Examples of personal information are a person's name, address, birth date, gender and marital status.
